

Horse riding

It is an adventure horse-riding tour to Chandalaz mt. with fascinating caves, arches and beautiful nature. It is an ancient mountain (formed about 250 million years before). It has caves, where ancient people's remains (people who dwelt on the territory back 15 thousand years before) were found. Its arches and beautiful nature are fascinating. It is the biggest rocky mountain in Southern Primorie, its length is 7,5 km, height is 760 m and it has lots of caves. One of its names is a Supernal mountain. There is a legend that there is a

labyrinth inside Chandalaz mt. Here you can enjoy watching 69 species of rear plants, 200 species of birds among them 11 are extremely rear species from The Red book of endangered-species (such as honey buzzard, hawk owl) . Also we'll have an excursion to Skvoznaya ("Trough", length of cavity is 39 m) and Mechta Speleologa ("Dream of speleologist", length of cavity is 35 m) caves.
